ROLL OFF FILL LINE (12-30yds):

Roll off dumpsters must be filled to 1 inch below the fill line. If a roll off dumpster is filled past the fill line (or above the edge of the dumpster), we will ask to have the excess debris removed. If we are unable to reach the contact on file and the excess debris can be removed by the driver, they will place it next to or near the dumpster and a **\$75.00** handling fee will be assessed. If the excess debris is unable to be removed by the driver, the roll off dumpster will be left on property and a return fee of **\$50.00** will be assessed for every unsuccessful attempt. In addition, a **\$50.00** extra week fee will be assessed for any added time the dumpster is on the property. Anything on the ground next to the container will be left behind when the roll off dumpster is picked up.

PLACEMENT:

Place a stake or mark the area with chalk/paint to guarantee correct placement of the dumpster. A return trip to relocate the dumpster after initial placement is **\$50.00**. Dumpsters must be placed on a hard surface; we **will not** place them on a grassy or soft area. Final placement is up to driver discretion based on ability to access the dumpster easily for pickup. Street placement requires prior notice so reflectors may be put on the dumpster. There is an additional payment needed for the street permit required through the city.

RENTAL TIME:

10 business days is the standard rental time for our dumpsters with a **\$50.00** fee per additional 5-business day period (w/ a maximum of two extra periods *as inventory allows*). We reserve the right to extend your pickup date at any time without notice due to dispatch/driver availability.

PAYMENT:

Payment is required up front prior to delivering a dumpster for single use. Customers may pay via credit card over the phone (Visa or MasterCard), or stop in to our office to pay using cash, check, or Money Order (a \$30 fee will be assessed to any returned checks). A credit card on file is required for all roll-off dumpsters, as tonnage overage (if any) will be charged separately from the initial load fee.

DELIVERY TIMES FOR DUMPSTERS:

The following applies *as inventory permits* – Please check with the office regarding the availability of the size you require. Dumpsters can be scheduled for delivery or pickup Tuesday through Friday each week. Dump/Resets are *as inventory permits only*. Please provide 5-7 business days advance notice for delivery, dump/reset or final pickup. Delivery and pickup times are not guaranteed. Dumpsters will usually be picked up or delivered between 5:00 AM and 6:00 PM.

SCHEDULED PICK UPS:

Customer is responsible for making sure nothing is in the way of the dumpster on the day it is scheduled to be removed. A return fee will be assessed of **\$50.00** if we have to make another trip due to the dumpster being blocked. If you would like the dumpster picked up earlier than scheduled please allow 2-3 business days' notice.

DRIVEWAY RELEASE FORM:

Each temporary use dumpster customer must sign a driveway release form for each address authorizing Boxx Sanitation to enter the customer's property. The release form must be completed and submitted to Boxx Sanitation **before** the dumpsters will be delivered.
