Anything on the ground next to the container will be left behind when dumpster is picked up.

PLACEMENT:

Place a stake or mark the area with chalk/paint to guarantee correct placement of the dumpster. A return trip to relocate the dumpster after initial placement is **\$50.00**. Dumpsters must be placed on a hard surface; we **will not** place them on a grassy or soft area. Final placement is up to driver discretion based on ability to access the dumpster easily for pickup. Street placement (available for 2-6 yard dumpsters only) requires prior notice so reflectors may be put on the dumpster. There is an additional payment needed for the street permit required through the city.

RENTAL TIME:

10 business days is the standard rental time for our dumpsters with a **\$20** fee per additional 5-business day period (w/ a maximum of two extra periods *as inventory allows*). A dump/reset (for 4yds or 6yds only) will extend your final pickup date by 5 business days.

PAYMENT:

Payment is required up front prior to delivering a dumpster for single use. Customers may pay via credit card over the phone (Visa or MasterCard), or stop in to our office to pay using cash, check, or Money Order (a \$30 fee will be assessed to any returned checks).

**A credit card on file is required for all roll-off dumpsters, as tonnage overage (if any) will be charged separately from the initial load fee.*
